

# EPIC Webinar: What's up Downunder: Opportunities for ICT research collaboration with Australia

**Date:** 19 June 2019  
**Time:** 07:30 am CEST

**Registration:** [info@epicproject.eu](mailto:info@epicproject.eu)

**Location:** Webinar

**Cost:** Participation is free of charge

## Description

Join us for this breakfast webinar!

This webinar will provide information on collaboration and funding opportunities between the European Union and Australia. It aims to support European researchers in the field of information and communication technologies with an interest to collaborate with partners in Australia. Experts in EU-AU research collaboration will provide insights into the Australian research and innovation environment and inform about current funding opportunities.

**To register:** Send an email to [info@epicproject.eu](mailto:info@epicproject.eu)

## Audience

EU-based ICT researchers interested in international cooperation or funding opportunities in Australia.

## Schedule

- (07:30—07:35) *Introduction:* Jonathan Arthur, Intersect Australia.
- (07:35-07:45) *Speaker 1:* Dr Rado Faletic, Co-Founder, Montroix Pty Ltd-The international collaboration experts (Australia)  
Topic: Overview of Australia's international engagement & funding programmes
- (07:45-07:55) *Speaker 2:* Dr Anthony Peacock, CEO, Cooperative Research Centres (Australia)  
Topic: Cooperative Research Centres as a mechanism for international research collaboration
- (07:55—08:05) *Audience questions*

## The Speakers

CRCs CEO **Dr Anthony Peacock** is a passionate advocate for applied research and a past recipient of the Australian Government's Eureka Prize for Promoting the Public Understanding of Science. A reproductive scientist by training, Tony has worked at the Universities of Sydney, Melbourne and Saskatchewan. He has served on the Board of a number of start-up biotechnology companies, is a Fellow of the Australian Institute of Company Directors and is an Adjunct Professor at the University of Canberra. His current research interests are in science communication, research leadership and effective innovation systems.

This project has received funding from the European Union's Horizon 2020 research and innovation programme (ICT) under grant agreement No 687794.

# EPIC Webinar: What's up Downunder: Opportunities for ICT research collaboration with Australia

## The Speakers Continued...

**Dr Rado Faletič** is Australia's foremost expert on the European Union's research and innovation program. He provides support for the international research engagement efforts of governments and institutions across the region and internationally. Rado was previously the Executive Director of the Forum for European-Australian Science and Technology cooperation (FEAST) and has been a participant and adviser to numerous other international research initiatives in a broad range of research fields. He has a PhD in shock-tunnel tomography from The Australian National University and has held a number of technology-based positions including Technical Innovation Manager for the Australian National Institute of Public Policy.

This project has received funding from the European Union's Horizon 2020 research and innovation programme (ICT) under grant agreement No 687794.
